

AppealMasters

Winning Appeals Now

AppealMasters has assembled the nation's most highly specialized team of expert advocacy resources to assist providers in responding to virtually every appeal and appeal process.

AppealMasters provides an intensive, timely, and exhaustive appeals process for client hospitals invoking the most comprehensive clinical, technical, and legal resources to formulate a winning appeal. Our simplified referral process includes secure uploading of case documents in any electronic format. Detailed case summaries includes medical references and NCD guidelines to support the appeal and reference specific findings in the medical record.

AppealMasters provides easy, real time access to appeal activity reports sorted by recovery status, initial finding, attending physician, DRG and root cause. Our clinical experts will also provide suggestions for Performance Enhancement to prevent future takebacks and denials.

AppealMasters team of medical necessity, documentation and coding review experts are hired by specialty to provide the most comprehensive evidence to support specific appeals. Each specialist is actively involved in creating Appeal Letter Templates which address both coding and medical necessity denials. The Appeal Letter Templates include payment and reimbursement guidelines, evidence-based clinical practice guidelines, and judicial law citations to help organize and develop a comprehensive appeals strategy.

AppealMasters provides educational opportunities in constructing "THE ULTIMATE APPEAL LETTER" for reversing DRG validation and Medical Necessity denials. Online or Onsite Education accompanies our Appeal Letter Template in order to maximize their effectiveness.
